

## **Team Leaders Contact Information**

As we near this exciting mitigation event spearheaded by the Mitigation Group (MG) in concert with Team Rubicon, we can now provide the names and contact information of people overseeing specific tasks and functions during this four-day event. Depending on your involvement or questions, you can speak/communicate directly with the assigned team leaders. Below is their contact information.

Additionally, John Gerald has created an excellent addition to our SFTR website for the Team Rubicon event. It looks great. If you would prefer to use the website to volunteer your time or financial support, please visit the site on our SFTR website and you will find a TR page with useful information and forms you can complete. For instance, if you would like to donate cash, you can go to the new Team Rubicon page and list your name and the amount you would like to donate, then submit your form. Once this is received, team leaders will contact you to help ensure that you can readily volunteer.

Another example for usage of the new page would be if you want to volunteer your time for mitigation, tools and/or equipment. Jerry Barnes will be coordinating all volunteer and equipment activities associated with the event. If you wish to volunteer your time for a specific time of the day, you can fill out the form so that Jerry knows precisely when and where you would like to be placed. The same goes for equipment. If you have specific equipment or tools you want to donate during this process, you can list them specifically and Jerry will get back to you.

**If you are writing a check, please make it out to SFTR—WG. Also, please include Team Rubicon on the memo line at the bottom left of your check. The MOC address is 33712 Mountain View.**

**Joe Richards: Chair of Mitigation Group.** Joe will be the main point of contact (POC) for all communications between SFTR and Team Rubicon. Joe will oversee the daily operations of the Mitigation Group (MG) activities associated with the four-day event. **719-946-1596 ... [triadsteel@aol.com](mailto:triadsteel@aol.com)**

**Carol Smith: Chair of Women's Group/Food Donations & Meal Coordinator/Volunteer Coordinator.** Carol will coordinate all meals and snacks services we will be serving Team Rubicon. She will also be collecting all donated food items and WG volunteer activities. Because we have access to this wonderful new SFTR web page, you can be very specific about where you would like to work or how much money you would like to donate. For instance, you can fill out a form that will tell Carol exactly where you would like to help if you have something specific you would like to do. An example would be that Carol will need people that are able to deliver food products and supplies back and forth from the MCC to the TCC. This function will be critical and greatly needed. However, if you would prefer not to use the forms on the TR web page, you can simply email, text, or call Carol. Also, if there are any monies left over once the event is over and all obligations are paid, the funds would be absorbed by the Women's Group to use on other events and/or help cover the expenses for fuel and port-a-potties. If there are no funds remaining, the MG will cover those expenses. Yes, the MG has a set budget, but we would like to use those funds for upcoming projects.

Also, I think it is worth mentioning that Carol is on vacation with her family, but she is taking away some of her vacation time to ensure that we can provide all of these services proficiently. She has been working tirelessly throughout all of the planning stages. But, because she is on vacation, she cannot always get back to us right away ... but she definitely will, normally by the evening of the same day you reach out to her. If you need to contact Carol, this is her information. **412-477-7531 ... [csmith2621@gmail.com](mailto:csmith2621@gmail.com)**

**Claudia Henning: Assistant Lead/Liaison, Trinidad Community Center:** Claudia is assisting both the WG and MG throughout the planning stages of our events. Some of this work has included overseeing equipment placement at TCC. She is also ensuring that TR has appropriate accommodations at TCC. Since Jerry and Claudia will be going on vacation, she will only be here up to Wednesday, April 30<sup>th</sup>. In the meantime, she is volunteering her time and support services wherever we have the need. She has already been of great assistance. You can contact Claudia at **720-560-3586 ... [claudia\\_henning@yahoo.com](mailto:claudia_henning@yahoo.com)**

**Jean Busch: Fundraising Coordinator.** Jean will be accepting and processing all financial donations for the Team Rubicon event. If you choose to use the new TR webpage on the SFTR site, there are forms included within the page that will allow you to enter your name and the amount of your contribution through the webpage. John Gerald has made it very simple for us to use. Once you have filled out one of these simple forms, please write out your check and send or drop it off at the MOC or guard shack. However, if you would prefer not to use our website, you can contact Jean directly and work-out which way is more convenient for you to get your check to her, either by sending or dropping it off. Once your checks are received, Abby will process them into the proper account. If you are sending a check, the WG would like you to make them out to **SFTR Women's Group and include Team Rubicon on your memo line of the check.** It cannot be said enough how much we appreciate all of your donations. If you need to contact Jean, here is her contact information. **713-502-5821 ... [jean@mountainview.love](mailto:jean@mountainview.love)**

**Jerry Barnes:** Volunteer Coordinator/Equipment Manager. Jerry will be coordinating and overseeing activities of all SFTR mitigation volunteers. He will also be ensuring that all MG equipment will be on-site for the event. If you are interested in volunteering your time or equipment and have yet to sign up, contact Jerry directly, or you can go to the new SFTR Team Rubicon page and you can list your name wherever you would like to volunteer. The same will go for equipment and tools. Jerry will also be conducting training lessons on chipper operations so that everyone stays safe. You can reach Jerry directly at **970-275-7619 ... [autoteck21@yahoo.com](mailto:autoteck21@yahoo.com)**

**Carmen Richards: Communications Chair, MG/POC for Team Rubicon.** Carmen will be working behind the scenes to maintain communications between the MG, WG and TR. If you have any questions or concerns regarding anything associated with this event, you can contact her directly and she will provide you with the appropriate contact information or answers to your questions. She can be reached at **719-846-3423 (LL) and 719-680-4328 (CP) ... [irlocators@aol.com](mailto:irlocators@aol.com)** **It might be best to try me on my landline first, because the reception is always reliable. If you cannot reach me on my landline, or you simply want to text me, please call/text my cell phone.**
